

Company Profile

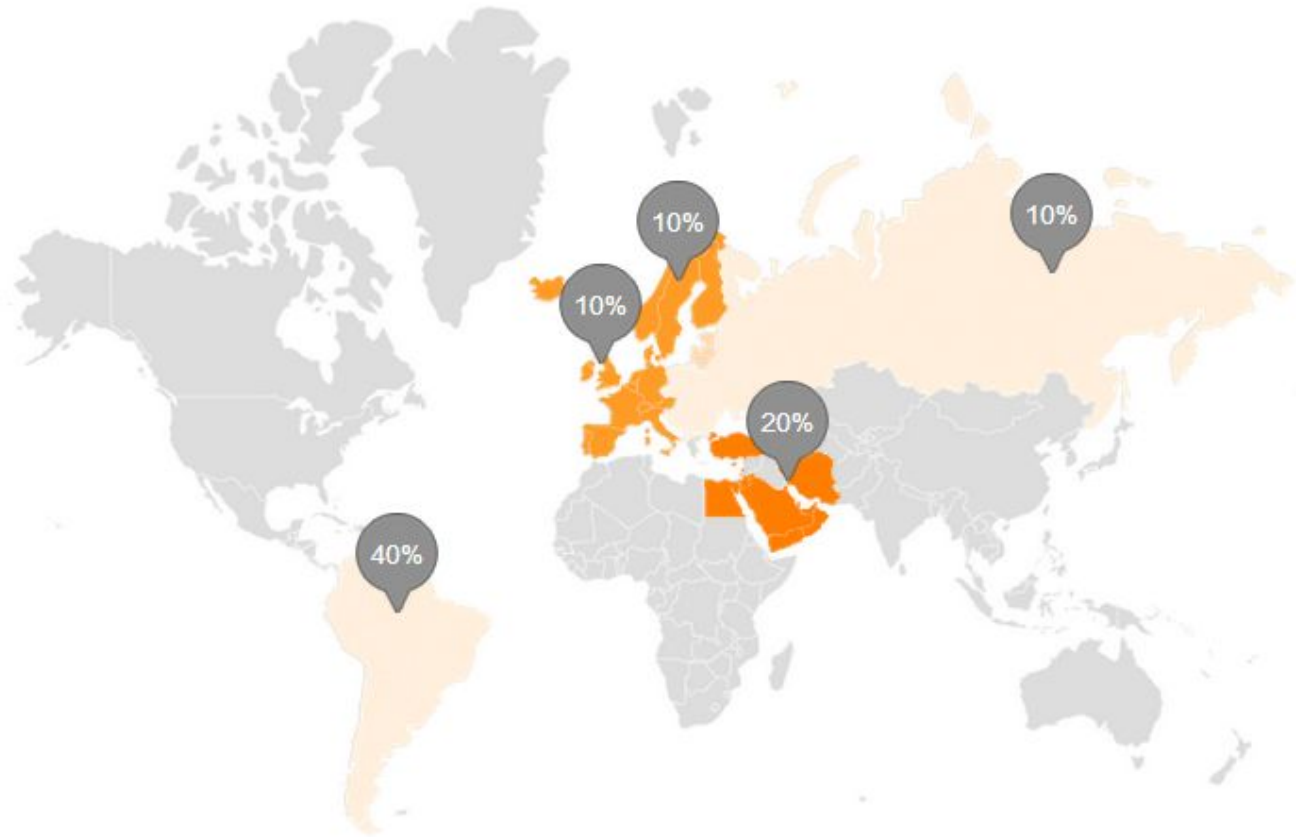

Established in 2005, Epowsens began to be one of the leading manufacturers of EAS solutions. We can offer a wide range of EAS (Electronic Surveillance Article) products—RF/AM soft label, RF/AM hard tag, ink tag, RF/AM antenna detection system, RF/AM deactivator, RF hand verifier, lanyard, magnetic detachers, self-alarm device, display protection devices etc. With over 10 years experience in the anti-shoplifting industry, quick response and professional services are the core of Epowsens's services across various aspects of the retail supply chain. Our company keeps annual exports exceeding 5-7 million US dollars per year.

In today's hyper-competitive environment, Epowsens spares no efforts to help customers boost sales, lower costs, and optimize market positions. In order to better production and service, we newly rebuilt and redecorated our factory, and imported advanced machines.
